

Inheritance: 1 (Diamond Books)

There was a large, coal-black front door with an ornate sign hanging above: Diamond Books it proclaimed, and underneath: Treasures and Pleasures Within. Dominic Diamond is drowning in the dark side of his nature. Caught in a downward spiral of destruction, his only hope of redemption lies with the hidden away bookshop he bought to spite his Mafia-esque Father. With the bookshop sinking fast, and his own X-rated novels--penned drunkenly during his darkest hours still unpublished--time is rapidly running out for Dominic. His sinister addictions are steadily laying waste to his efforts to break free from the ugly world he's become a part of. All that awaits him now is his inheritance: a fortune in dirty money, and a lifetime at the helm of the Family Business that generated it until the day a shy, broken soul stumbles into the bookshop clutching her resume, and in her innocence, inadvertently turns his entire world upside down. Filled with smoldering sex, dangerous tension, and a heartwarming fight for love, *Inheritance* is an addictive debut from an exciting new British talent set to take the genre by storm!
