

Spiritual Warfare for the Not So Swift

We have all heard about spiritual warfare, but what is spiritual warfare? How is it fought? When is it fought? Where is the battle? Who and why are we fighting? Isn't God about peace anyway? How do we put on the full armor of God? These are questions we need to answer to fight effectively in a very real war that is being fought everyday with real life casualties, and yes, real life heroes. How do we train for this war? What do we do to train? Some of us who are not so swift need to know the very, very basics. The basics will surprise you, trust me, I spent several years learning them the hard way. I am one of those who are not so swift; my motivation for this book was to unmask the enemy. I had allowed him to beat me up and bully me all too often. I got mad - in a righteous way of course. I knew I had learned a few things over the years and I thought if I shared those things with my brothers and sisters coming up that it would be a great way to get back at him. Hopefully you can skip past the many snares that I stepped into and avoid the painful lessons that they carry. Keep marching, see you around the throne.
