

DEVIANT: Secrets of a Predator (Through A Childs Eyes Book 1)

After a lynch mob of parents beat him inches from his life, fading in and out of consciousness his life flashes before his eyes. Starting at childhood through adulthood, he relives the events throughout his existence. He takes you on a journey that discloses his circumstances that created the monster he evolved into. Witness as he refines his methods of manipulation, constructs restriction, practice patience, and exploits and utilizes negative personality traits of the mother to obtain their children. Deviant: Secrets of a Predator re-introduces a charismatic nineteen year old named Stephan. He was attractive, smart, well spoken and a child of God, at least that's how he presented himself. Unbeknownst to the women who loved, trusted and embraced him, they allowed a sexual deviant to infiltrate the sanctity of their home with the intention of destroying the purity of their children and they never saw him coming. Her first published book Through A Childs Eyes introduced Stephan and explored the devastation and demise of a family dynamic. Join her in this next gripping saga as he wreaks havoc on unsuspecting mothers and their children.
