

## Facets of Betrayal

My visions are not always clear, but I assure you, they are never wrong. Through her dreams, young Jolecia has seen fragments of the grim future that awaits Gavildon if nothing is done to reverse their fates. After being demoted by an ailing King Braxton, the eldest royal son, Shaw, has conjured a plot to overthrow his father and second eldest brother, the Crown Prince Reid Kenward. In the pursuit of power, supremacy, and revenge, Shaw will stop at nothing to reclaim his throne and his title. In order to stop him, Jolecia must pair up with Prince Reid; however, their partnership quickly turns into a forbidden romance. In their quest to save the kingdom from the eldest brothers tyranny, their only hope resides in an old dragon legend, as recounted by the town elder. With so much at stake, and multiple love affairs and twisted relationships to complicate matters, Reid and Jolecia must fight to save the kingdom and each other.
